

# WEST VIRGINIA WILL ENTERTAIN PITTSBURGERS

A SPECIAL TRAIN CARRYING MEMBERS OF THE MERCHANTS' AND MANUFACTURERS' ASSOCIATION WILL VISIT STATE.

THIRTY-THREE TOWNS ARE ON THE LIST, AND EIGHT HUNDRED MILES IS TO BE TRAVELED.

PITTSBURG, Pa., June 6.—West Virginia merchants and bankers are the ones to whom the Merchants' and Manufacturers' Association of Pittsburgh will pay their first respects. Arrangements are rapidly being completed by a committee of the association's board of directors and General Manager J. W. Wardrop for the trip.

The party of Pittsburgh manufacturers, merchants and bankers, will leave Pittsburgh some morning, probably before June is ended, and before their return, a week later, they will have visited 33 cities and towns of the Mountain State and have traveled 800 miles.

The route is mainly over the Baltimore & Ohio railroad. The start will be to Wheeling, and from that city they will penetrate into Central West Virginia, reaching many prosperous mining, oil and manufacturing towns. They will return over the Baltimore & Ohio's Fairmont branch to Connellsville, and thence back to this city.

The train that will carry the Pittsburgh business men will be a special clear through. It will be made up of Pullman equipment, with accommodations for lodging and dining the whole party throughout the trip. Each merchant will look after his own trade in the towns visited. The train will carry all the equipment needed to make effective the plan. A special book on Pittsburgh, handsomely illustrated to show the city's modern business features, will be distributed broadcast and a special press staff will accompany the party to spread the good word through the newspapers in each city.

## THIEF

USED LADDER TO SCALE WALLS OF HOUSE AND STOLE VALUABLE WATCH.

BLOOD HOUNDS ARE PLACED ON TRAIL OF ROBBER WITHOUT ANY SUCCESS.

PARKERSBURG, June 6.—A bold robbery occurred sometime last night at the residence of Wellington Crane at 419 Green street. A bold thief entered the house by using a ladder which was standing against the building. The thief entered a window on the second floor and secured a valuable gold watch from the pocket in Mr. Crane's coat. The watch is an open faced solid gold case and is valued at about fifty dollars. As soon as it was discovered that the thief had been committed the Parkersburg Detective Agency was notified and they soon had their two bloodhounds on the scene.

There was a track below one of the windows which was thought to have been made by the thief, and the bloodhounds were put on the trail at this point. They were unable to continue the trail, however, and the attempt to chase the thief turned out to be a failure.

The local police are working on the case and they may be able to get some clue which will result in the ultimate tracking down of the guilty party.

## IN COFFIN

AND READY FOR INTERMENT WAS LITTLE CHILD, BUT SHE WAS REVIVED AND IS STILL LIVING.

CUSTER, S. D., June 7.—Through the intervention of a relative, Dr. E. S. Norton, Mabel Fearing, the five-year-old daughter of C. M. Fearing, prepared for burial and in her coffin, was revived after being unconscious for thirty-six hours.

When Dr. Norton saw the child he was convinced that there were indications that she was not dead. Restoratives were resorted to and finally a strong heart action was established and the child revived. She has been suffering from typhoid fever. The fever stage is passed and is convalescent.

# VIEWS ON MEN AND WOMEN

Contracting Opinions of the Spinster and the Old Bachelor.

A Spinster Says That The man who is timid as a hare seldom dies game.

It isn't the fast man who wins the race for wealth.

Satan is the father of lies and matrimony is the mother of excuses.

The home of a bachelor lacks one of the best modern improvements.

In the matrimonial game a baseball player isn't always a good catch.

Hunger is a terrible thing, but some men consider thirst more terrible.

The man who is constantly harping on his virtues has at least one vice.

It is said that every man has his price, yet lots of men give themselves away.

Every time a man goes to church he hears a lot of preaching that hits other men.

It is up to a man to remember Samson's fate and be careful how he uses his jawbone.

Things often go wrong because men think they know it all and refuse to take women's advice.

You may have noticed that the man who says he can take a drink or let it alone always takes it.

It's difficult to find a man who is willing to hold the ladder of success while another ascends it.

Every man is provided with sense enough to mind his own business, but few men have sense enough to let it go at that.

An Old Bachelor Says That Few women have time to look like their portraits.

A little masculine remorse goes a long way with the average female.

When two women begin to talk things over they are sure to over-talk.

The man who courts more than one girl at a time is courting trouble.

Love is a contagious disease that nothing short of matrimony will cure.

No man ever thinks enough of his mother-in-law to make his wife jealous.

Marriages may be done in heaven, but there will always be a few doubters.

A woman's conversation is naturally flowery when she talks through her hat.

It is usually a woman's failure to interest a man that causes her to hate him.

Once knew a married man who joined the army because he was tired of fighting.

Women ought to succeed as bankers; they possess all the conversational requirements.

After a woman has passed the seventieth anniversary of her birth she delights in telling her age.

A woman's frame of mind has less to do with her reflections than the frame that holds her mirror.

# BACK TO MINES

MANY OF THE EASTERN OHIO MINERS RESUMED WORK MONDAY MORNING.

SOME NOT ABLE TO WORK ON ACCOUNT OF MINE CONDITION.

WHEELING, June 7.—As a result of the settlement of the miners' strike at the Wheeling conference Saturday, several thousand miners in the fifth Ohio sub-district resumed work Monday morning. It was not possible to get all the mines started as some of them have suffered considerable damage as the result of being idle so long. Mines, when not in operation, go to ruin much faster than when the men are working.

The Wheeling Creek mine near Bridgeport, employing nearly 500 men got on with the greater part of their force Monday and they will be working full in a few days. The Lansing mine, owned by the Lorain Coal and Dock Company was working in part at noon, and the Crescent mine owned by the same company also resumed. The two big mines of the Youghiogheny and Ohio Company at Barton did not get started Monday on account of the condition of the mines. They will be on to-day or to-morrow unless something else should develop. The Boggs mine at Barton had flats on the siding but the mine was not in condition for work.

Other Mines Starting.

The other mines out the Cleveland, Lorain and Wheeling were working part of their men yesterday. The Yorkville mine, along the C. & P. above Martins Ferry, went on full, three mines of the Empire Company at Bellaire, employing nearly 700 men, were working nearly full yesterday, and the big mines out around Dillonvale and Long Run on the Wheeling and Lake Erie got most of their men started.

At Connellsville the first big mine along the W. & L. E. west of the river, will not be able to work for several days on account of the water. The bailers have been at work ever since Saturday night, but yesterday morning they had not got down to the rails. One or two other mines right in that neighborhood are affected in the same way, although not quite so seriously.

Panhandle Conference.

A conference of the miners and operators of the Panhandle part of the district will be held in Wheeling Tuesday morning starting at 10 o'clock in the Trades and Labor Hall, and it is expected that a settlement can be reached on about the same basis as the Ohio men settled. All the locals in the Panhandle counties are expected to send their delegates. The officials of the sub-district who are still in this section and State Vice President D. H. Sullivan will attend the conference.

Paying Out Benefits.

Not near all the money was paid the strikers last week and the officials Monday morning started over the district to complete the work. Very little of the strike benefits due the men along the Wheeling and Lake Erie except at Dillonvale was paid last week and five of the officials were in the city yesterday morning on their way up the river to go to the mines where the money has not been paid.
